Laws of the United States

Passed at the First Session of the Thirty Seventh Congress.

[Public—No. [illegible]]

AN ACT authorizing the Secretary of the Treasury to remit fines and penalties incurred in certain cases.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Treasury be and he is hereby authorized to pay, out of any moneys in the treasury not otherwise appropriated, to the person or persons entitled to receive the same, the amount of such fines or penalties as have been incurred and paid by the owners or masters of vessels since the first day of December eighteen hundred and sixty, in consequence of their failure to produce to collectors of the customs the clearances or other papers prescribed and required by the laws of the United States regulating the issue of marine papers, and the foreign and coasting trades: *Provided*, That the Secretary of the Treasury shall be satisfied in each case that there was no wilful negligence or any intention of fraud on the part of the person or persons incurring the fines or penalties aforesaid, and that they were unable to obtain the requisite papers by reason of there being no officer of the customs at the port of departure authorized to issue marine papers, or to grant clearances under the laws of the United States.

Sec. 2. *And be it further enacted*, That the Secretary of the Treasury be and is hereby authorized to pay, out of any moneys in the Treasury not otherwise appropriated, to the person or persons entitled to receive the same, the sum of five hundred dollars, that being the amount of a fine improperly exacted by the collector of the customs at the port of Norfolk, Virginia, in the month of November, eighteen hundred and sixty, of the master of the *India*, a Russian vessel.

Sec. 3. *And be it further enacted*, That the Secretary of the Treasury be and is hereby authorized to remit in whole or in part, on such conditions and under such regulations not inconsistent with law, as he may prescribe, the additional duty secured by the bond given for the transportation of merchandise from a port in one collection district to a port in another collection district, prescribed by the sixth section of the act entitled "An act to extend the warehousing system by establishing private bonded warehouses, and for other purposes," approved the twenty-eighth day of March, eighteen hundred and fifty four: *Provided*, That it shall be proved to the satisfaction of the Secretary of the Treasury that the failure to transport and deliver the merchandise aforesaid according to the conditions of the bond occurred without wilful negligence or fraudulent intent on the part of the obligors.

Approved, July 24, 1861.

[Public—No. 10.]

AN ACT making additional appropriations for sundry civil expenses of the Government for the year ending the thirtieth of June, eighteen hundred and sixty two, and appropriations of arrearages for the year ending thirtieth of June, eighteen hundred and sixty one.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the following sums be and the same are hereby appropriated, for the objects hereafter expressed, for the fiscal year ending the thirtieth of June, eighteen hundred and sixty-two, viz:

For purchase or construction of steam or sailing revenue cutters, equipping the same and expenses connected therewith, four hundred and fifty thousand dollars.

For repair of the Potomac, Navy Yard, and upper bridges, and the roads appurtenant thereto, ten thousand dollars.

For annual repairs of the Capitol water closets, public stables, water-pipes, broken glass and locks, one thousand dollars.

For fuel, in part, of the President's House, six hundred dollars.

For contingent expenses of the executive office, including stationery therefor, one thousand dollars.

Sec. 2. *And be it further enacted*, That the following sums be and they are hereby appropriated, in like manner:

For contingent expenses of foreign intercourse, twenty thousand dollars.

For contingent expenses of all the missions abroad, twenty five thousand dollars.

For publication in pamphlet form, and in the newspapers of the States and Territories, the Laws of the first session of the Thirty-seventh Congress, nine thousand dollars, or so much thereof as may be necessary.

Sec. 3. *And be it further enacted*, That the following sums be and the same are hereby appropriated, in like manner, for the year ending the thirtieth of June, eighteen hundred and sixty-one:

For lighting the Capitol and President's House, the public grounds around them, and around the executive offices, eight thousand dollars.

For contingent expenses of the executive office, including stationery therefor, four hundred dollars.

Sec. 4. *And be it further enacted*, That the proper accounting officers of the Treasury are

The Myths of War

The San Francisco *Herald* publishes the following excellent piece of satire on the prevailing *mania* for exaggerating the war news:

"The commencement of hostilities a great deal was said about 'Columbiads,' and ever since nearly all cannon in the country, according to the newspapers, have been Columbiads—nearly all 'ten-inch.'

"The repulse at Great Bethel was reported to have been occasioned by a 'masked battery,' and there has been a perfect roar about 'masked batteries' ever since. All the accounts of the battle of Bull's Run are as full of stories of 'masked batteries' as of exclamation points. People imagine they are showing technical knowledge when they talk of 'masked batteries' and 'Columbiads,' but they generally display their excessive ignorance. The 'masked battery' is not a new invention, nor should the fact that the enemy is skillful in placing his artillery (and that is all the phrase 'masked battery' really means) be a bugaboo. 'Rifled cannon' also run in people's heads a good deal. All the guns that are not 'Columbiads,' are to a dead certainty 'Rifled cannon.' The editor of the *Dayton Telescope*, we see, has acknowledged the receipt of a six pound ball, which was fired at our troops by the rebels, somewhere, and the editor speculates on the terrors of the ball fired from a 'rifled cannon.' The editor never thought of any gun but a rifled gun.

No musket will satisfy any one, now a days, except a "Minie"—when there is really no such thing as a peculiar arm known as a "Minie musket." The best arm used in the United States service is the Springfield rifle, and the cartridges for it contain the "Minie ball," which is simply a long, heavy, conical ball, with a cup next the powder.

Sherman's battery is one of the famous batteries of flying artillery of the regular army. It became a popular notion, some months ago, that all the batteries of flying artillery were "Sherman's." A battery would not have been of any account, if it hadn't been "Sherman's." Every time an artillery company crossed the Potomac, the telegraph told us that "Sherman's battery" had gone over, and consequently there was an expectation that a "forward movement" would take place. Every time a battery passed down Pennsylvania avenue, the "knowing" civilians at Willard's looked unutterable things and said "Sherman's battery." No wonder the rebels thought they had taken Sherman's battery.

The Black Horse Cavalry have recently become as ubiquitous as Tecumseh used to be. There is no cavalry but the "Black Horse Cavalry." Indeed, one is tempted to ask, What is the use of cavalry, if it is not black horse? Every body saw the "Black Horse Cavalry" at the battle of Manassas, and nearly every body killed a few of them, and at the first fire the Fire Zouaves had annihilated them at one dreadful volley. The truth about the Black Horse phenomena is, that there was only one company of cavalry called the 'Black Horse,' and they were not remarkable. The Virginia cavalry, much as it has been written about, is largely composed of exceedingly verdant rural youths, long-haired, lantern faced, drawling [illegible], mounted upon scraggy and scrawny horses, probably half of which would be found, if narrowly examined, to carry an assortment of last year's burrs in their tails. They have a few drilling officers, who make a wonderful display of sash and plume and saddle blanket. Such is the "Black Horse Cavalry."

The brother of Jackson, the murderer of Ellsworth, who proposed to shoot all our sentinels—and a few more mythical assassin heroes have been played out, until the time shall arrive when the sensation novelists shall work up this war chapter of our history in thrilling "yaller kivers."

Variety.

Woman should rule, but not govern.

Listen if you would, be silent if you would be safe.

The new Sultan of Turkey has discharged the seraglio, retaining only one wife. His father died leaving seven hundred and fifty.

A Wag being asked the name of the inventor of butter stamps, replied that it was probably Cadmus, as he brought letters into Greece.

An editor down East, who served four days on a jury, says that he is so full of law that it is hard for him to keep from cheating every body.

"Charlie, my dear, come here and get some candy." "I guess I won't mind it now, mother," replied the young hopeful, "as I've got in some tobacco."

A queer genius being asked why he did not attend the funeral of his wife, replied that he could not leave the shop, and that it was better to attend to business before pleasure.

Legal Notice.

In the Circuit Court of the State of Oregon for Multnomah County. A. M. A. Blanchet, Complainant, vs Oswald Travaillot, Defendant. In Chancery.

TO OSWALD TRAVAILLOT, Defendant: You are hereby notified that A. M. A. Blanchet has this day filed in my office his bill of complaint, and commenced a suit against you, in which he claims that on the tenth day of June, A. D. eighteen hundred and fifty seven, you made and delivered to him a certain promissory note for the sum of six hundred dollars, payable ten months after date, with interest at the rate of two per cent. per month, and at the same time made, acknowledged and delivered a certain mortgage deed upon lots numbered three and four in block number three, in Couch's claim or addition to the City of Portland, in the county aforesaid, as security for the payment of said note; and complainant prays for a decree of foreclosure and for the sale of the said mortgaged premises to pay the amount due upon said mortgage, to-wit: The sum of six hundred dollars and interest as aforesaid since the twentieth of September, A. D. eighteen hundred and fifty nine, and for a judgment against you for any balance which may remain unpaid after the application of the proceeds of the sale of said property for the payment of said debt; and you are further notified that unless you appear in the Circuit Court of the State of Oregon for the County of Multnomah on the second Monday of November, A. D. 1861, and then and there answer the said bill of complaint, the same will be taken as confessed, and the prayer thereof will be granted by the Court.

{L.S.} In witness whereof I have hereunto set my hand and affixed the seal of this Court this 12th day of August, A. D. 1861.

Have a FINE COLLECTION of
SPECIMENS of their ART.
Go and see them, and
GET A PICTURE.

Governor Wise has no parallel in modern times. For weeks previous to his hurried and precipitate retreat, he kept his guerrillas constantly scouring and marauding the counties of Kanawha and Jackson, seizing all the cattle and horses of Union men, and pretending to buy them of the disunion men, but never paying anything to anybody. These cattle and horses he sent to the East, until there are very few good horses left in the counties named. Other counties fared but little better. He burned nearly every bridge in the valley, except the fine suspension bridge across Elk river, which he ordered to be cut down and fired. * * * Many honorable and worthy men have been carried off to Richmond for expressing Union sentiments, some of whom have large families depending on them for subsistence. A great amount of suffering must be the result. The most violent of the Secessionists have gone with Wise's army, and many of their families are in a distressed and destitute condition. All hands are sick to death of Secession. It has been a terrible thing to them."

The same general course, still more savage, has been and is pursued in Missouri. Missouri has never seceded. The State Convention declared for the Union. But the Confederates, who prate of State Rights, invade the State from the Seceded States, and endeavor to enforce on her a government which a large majority of her people abhor. Not only do they this, but they encourage banded guerrillas to go about the State, committing outrages and murders on Union people where they can—tear up railroads, burn bridges—and do all in their power possible to produce general anarchy and the ruin of the country. The last Pony despatch tells this story:

"ST. JOSEPH, Sept. 4.—Yesterday the Hannibal and St. Joseph railroad bridge over Platte river, was burned by the rebels, and the telegraph wires cut. When the express train bound west came up, it was hurled over the embankment and the engine, tender, and baggage car precipitated into the river. There were fifteen killed and about twenty wounded."

We only add to this list of outrages against civilization, humanity and christianity, the remark of an "amateur editor" in the *Advertiser*: "*Oh, Lord, how long?*"

SENATOR BAKER.—In mercy to the secession editors of this State, and especially to the numerous candidates for Senator Baker's seat in the United States Senate, we say to them that Senator Baker has not the least idea of resigning his seat in the Senate. He is a Brigadier General of New York volunteers and will command a brigade of troops from that State. So now, gentlemen, you can resume your ordinary employments, realizing the truth of the words of an eminent poet—

"There's many a slip,
Between the cup and the lip."

and equipments to render them effective soldiers. The tender of a regiment of loyal North Carolinians—alluded to, I believe, in a previous letter—will soon be made to the Government by Colonel Foster, who, although a Breckinridge Democratic leader in the State last year, and thoroughly identified with his adopted home in interest and affection, was, nevertheless, among the first to see that this rebellion is not, in any sense, the Southern cause, and who has devoted himself untiringly, and with a patriotism steadfast in the face of all perils, to the joint service of North Carolina and the Union. This regiment is desirous to be mustered into the service of the United States.

"The Direct Tax Again."

The genius who occasionally writes editorials for the *Advertiser*, in the yesterday's number of that paper, said—

"Among the objections urged against this measure [the direct tax], which is likely to become a very obnoxious one, is that the tax is apportioned among the States *according to population, instead of the value of property in the respective States*."

In the Constitution of the United States, Article I., Section 2, paragraph 3, is this provision:

"Representatives and *Direct Taxes* shall be apportioned among the several States which may be included within this Union, according to their respective numbers; which shall be determined by adding to the whole number of free persons, including those bound to service for a term of years, and excluding Indians not taxed, three-fifths of all other persons."

So it appears that the Constitution makes it obligatory that Direct Taxes shall be based on population. This *Advertiser*, which assumes to be a great stickler for the Constitution, desires and requires Congress to violate it and impose Direct Taxes in opposition to one of its most clear and explicit provisions. "Let those teach others who themselves are taught."

A VIRTUOUS TURK.—A letter from Constantinople says that the Sultan has resolved to have no more than one wife. The Sultana, agreeably to old tradition, purchased a young slave, the most beautiful that could be found in the Capital. She dressed her out in jewels and the richest clothing, and offered her to her son. "Who is that woman?" demanded Abdul Aziz. "The slave whom, according to custom, I offer you on your accession to the throne," was the reply. "I have nothing to say to her," replied the Sultan; "have I not a wife whom I love? Let me hear no more of such customs and such presents."

The Secession portion of the Democratic Convention, in Maine, withdrew from that body, and proposed to bring out a Secession ticket; but such was the demonstration of public feeling, that they thought it best to go to their homes without making nominations.

putting down war by force of arms."

Daniel S. Dickinson says of the *habeas corpus*: "If I were in command, and had good reason to believe that I had possession of a traitor, and no other remedy would arrest treachery, I would suspend the writ and the individual too."

The *Baltimore American* has a statement from a Virginian who was in the battle of Bull's run. He says that the confederates had three thousand slain in that battle. The Georgia regiment was 600 strong when the battle commenced, and 450 of them were kil-killed. The Virginian stated that for ten days the army were so demoralized by their losses that the commanding officers could not do anything with their disheartened men.—A Savannah account confirms this statement; and says that "the beautiful Oglethorpe regiment lost 517 men, all young men and members from the best families."

A letter from San Francisco, says: "The U. S. Marshal is determined to arrest every man who dares to breathe treason."

Mrs. Senator Baker is on the way from the East to her residence in Salem.

Attention, Union Guard!—The regular meeting of your company will be held at the Armory this (Friday) evening, at 7½ o'clock. JOHN WILSON, Sec'y.
Sept. 20th, 1861.

NEW TO-DAY.

To Emigrants.

THOSE desiring to locate permanent homes, convenient to ship navigation, in the healthiest part of the world I have ever seen, and on the richest soil on the Pacific coast, will do well to examine the **Chehalis River Valley**, and the country north of Gray's Harbor, W. T., where will be found some very beautiful prairies, and **the finest body of bottom land I ever saw in any country**, backed by rich, well watered, and finely timbered upland. The river bottoms are lightly timbered, and easily cleared.

I have surveyed a large portion of the country north of Gray's Harbor above alluded to, and do not hesitate to say that better locations for farming, lumbering and fishing can be found here than on any part of the Pacific coast, now unoccupied.

Gray's Harbor is the best entrance north of San Francisco, and south of the Straits of Fuca.

CITY.

Col. Wright left last evening on the steamer *Sierra Nevada* for San Francisco. Our citizens gave evidence of their appreciation of Col. Wright's services as an officer here during the most trying times of the history of this country, by firing a national salute on his departure. No more faithful officer, better soldier, truer patriot, can be found in the service of government. The people of Oregon and Washington Territory part with him with deep regret, and their wishes will follow him that he may gain new honors, and that the government will award him due position for his long and successful services in her behalf.

Exports Per Sierra Nevada to San Francisco.—100 boxes apples, 151 bales merchandise, 9 boxes butter, 29 boxes cranberries, 400 sacks flour, 1 sack wool, 1 bale feathers, 1 bale hides, 2 rolls leather.

Gold Dust.—The steamer *Sierra Nevada*, which left last evening for San Francisco, took away $54,400, in gold dust.

Left on the Steamer.—Lieutenant Colonel Buchanan, of the 4th Infantry, left on the steamer yesterday, to join his regiment in San Francisco. He was accompanied by the Band of the regiment, which had been stationed at Walla Walla. Patriotic tunes were played, as they left the wharf.

School Meeting.—A special meeting of the legal voters of School District No. 1 of Multnomah county, was held at the school house on Wednesday evening, Sept 18th, 1861, pursuant to a notice by the clerk, dated Sept 10th, 1861. Director Failing took the chair. The clerk read the notice of the meeting, which was approved. The minutes of the previous meeting were read and approved. The report of the clerk was read and accepted.

A report from the directors was read, setting forth the estimated cost of building fence around schoolhouse block and leveling the same, also for underpinning the schoolhouse, and for building woodshed; also showing the estimated costs of defraying the expenses of the school for the coming year—all of which amounted in the aggregate to $3,486 20.

Mr. Hanover, Superintendent of Common Schools, stated he had a communication to lay before the meeting, which, on motion, was read.

Mr. Shattuck moved that a tax of   dollars be levied to level and grade the schoolhouse block, according to the estimate of Mr Hallock. Mr. Holmes moved to fill the blank with the amount as set forth by Mr Hallock. Motion passed as amended.

Mr. Shattuck moved that a tax of   dollars be levied to underpin the schoolhouse according to plan proposed in Mr Hallock's estimate. Mr. Holmes moved to fill the blank with the sum stated in the estimate, $359 21. Motion carried, and the motion as amended passed.

Mr. Shattuck moved that a tax of   dollars be levied to pay teachers wages and incidental expenses, and for fuel for the ensuing year.

On motion, the blank was filled with the sum of $2,950.

Mr. Shattuck moved that the Directors be, and they are hereby, directed to advertise for bids for the performance of the work specified in the estimate of Mr Hallock, and the same to be let to the lowest responsible bidders; and that the Directors have the right to reject any and all bids that do not come within the amount. Carried.

After Mr. Failing made a few remarks against the attack of Mr. Pennoyer in his communication, the meeting adjourned.

Wm. Grooms, Clerk

Departure of Troops.—The United States steamer *Active* leaves this port to-day with between two and three companies of regular infantry, en route for Los Angeles. These troops are to take the place of the two companies of infantry ordered to Fort Yuma, on the Colorado river, and now ready to march. These companies will depart as soon as the steamer arrives with the men to take their place. The reinforcement going forward to Fort Yuma will make the garrison of the place four companies, and as this post is a strong one, and supplied with artillery, it may not be so easily taken as were some of the posts in Arizona and Texas, where *treachery* was the cause of the surrender. There are four companies of United States Infantry stationed at San Bernardino, where, it is understood, a considerable body of Secessionists have congregated. It was reported that about election day the troops were to be attacked, and word was sent to Los Angeles for reinforcements. Two companies of cavalry which (in addition to two companies of infantry) were encamped at Los Angeles, were ordered out to San Bernardino, thus checking by an overwhelming force any overt act. The dragoons, we understand, have since returned to their post at Los Angeles.—*Alta, Sept. 9th*

The Medical and Surgical Institute of DR. L. J. CZAPKAY is already secured in a position which places it, as well as its proprietor, far above the assaults of envy and professional malice. In the schools of France, the highest prizes are often awarded to practitioners in this department of medical science, and they occupy, with others, an equally lofty position in the profession. Ricord is an illustrious example, a shining light among the philosophical stars of his age in Europe, and Dr. Czapkay has fully equalled him in this country; as a proof of which, the Philadelphia College of Medicine complimented him with a Diploma and the honorary ad eundem degree. Selecting this as his field of operation, although qualified as a graduate of the University of Pesth, and late Chief Surgeon of the Hungarian Revolutionary Army, for more extended labors, Dr. L. J. Czapkay has bent his earnest attention to the cure of chronic and private diseases, in which he has become so great an expert that he is now regarded as the champion in this branch of his profession throughout the United States, and his portrait and biography are published as a matter of interest to their readers in the most exclusive journals. The Doctor's offices are at his Medical and Surgical Institute, on Sacramento street, corner of Leidesdorff, nearly opposite the buildings of the Pacific Mail Steamship Company, San Francisco. We ask particular attention of our readers to the sworn certificates of remarkable cures in another column of this paper. Persons not wishing to lose time in corresponding, please enclose $10 in their letters, and they will get immediate attention to their cases. Address L. J. CZAPKAY, M. CHEMICAL SOFT SOAP!

THE CHEAPEST, MOST ECONOMICAL AND LABOR-saving Soap ever discovered.

PATENTED OCTOBER, 1860.

This Soap recommends itself for the following reasons: It is not only the best soap to use for the wash-tub and the toilet, but it is far the cheapest, washing is performed with half the labor required by other soaps; it removes all pitch, tar and grease from woolen and cotton goods; in a word, is the great desideratum of the age.

Put up in five and ten pound cans. Each can warranted to make sixty and one hundred and twenty pounds respectively.

Full directions for making accompany each can.

"This soap will work its way into every Laundry, Bath-room and Kitchen in the United States."—*Providence Journal.*

No family should be without Butterworth's Chemical Soap, as it is not only the best but cheapest soap in use.—*Boston Journal.*

DR. L. J. CZAPKAY'S Private Medical & Surgical Institute,

SACRAMENTO STREET, BELOW MONTGOMERY
Opposite Pacific Mail Steamship Company's Office, San Francisco.

ESTABLISHED IN 1854 FOR THE PERMANENT cure of all Chronic and Private Diseases, and the SUPPRESSION OF QUACKERY. Attending and Resident Physician, L. J. CZAPKAY, M. D., Late in the Hungarian Revolutionary War, Chief Physician to the 20th Regiment of Honveds, Chief Surgeon to the Military Hospital of Pesth, Hungary, the late Lecturer on Diseases of the Genito Urinary Organs and Diseases of Women and Children, and Honorary Member of the Philadelphia College of Medicine.

Particular attention paid to the treatment of diseases peculiar to Women and Children.

OFFICE HOURS—From 9 A. M. to 9 P. M.

Communications strictly confidential. Permanent cure guaranteed, or no pay. Consultations, by letter or otherwise, FREE.

Address, DR. L. J. CZAPKAY, San Francisco.

Of all diseases, the first great cause,
Springs from neglect of Nature's laws.

To the Afflicted.

Suffer not when a cure is guaranteed in all stages of secret diseases—Self Abuse, Nervous Debility, Syphilis in all its stages, Strictures, Gleet, Gravel, Diabetes, diseases of the Kidneys and Bladder, Mercurial Rheumatism, Scrofula, Pains in the Bones and Ankles, diseases of the Lungs, Throat, Nose and Eyes, Ulcers upon the Body or Limbs, Cancers, Dropsy, Epileptic Fits, St. Vitus Dance—and all diseases arising from a derangement of the sexual organs—such as Nervous Trembling, Loss of Memory, Loss of Power, General Weakness, Dimness of Vision, with peculiar spots appearing before the eyes, Loss of Sight, Wakefulness, Dyspepsia, Liver Disease, Eruptions upon the Face, Pains in the Back and Head, Female Irregularities—and all improper discharges of both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians, and resisted all their means of cure. The medicines prescribed are pleasant, without odor, entirely vegetable, causing no sickness, and free from mercury or balsam. During eleven years of practice in Europe, the Atlantic States and California, I have rescued from the jaws of death many thousands, who, in the last stages of the above-mentioned diseases, had been given up to die by their physicians, which warrants me in promising to the afflicted, who may place themselves under my care, a speedy and permanent cure. Private diseases are the greatest enemies to health, as they are the first cause of consumption, scrofula, and many other diseases, and should be a terror to the human family. A permanent cure is scarcely ever effected—a majority of cases falling into the hands of incompetent persons, who not only fail to cure the disease but ruin the constitution, filling the system with mercury, which with the disease, hastens the sufferer into a rapid consumption. But should the disease and the treatment not cause death speedily, and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions, and the current of life corrupted by a virus which betrays itself in scrofula, tetter, ulcers, eruptions and other affections of the skin, eyes, throat and lungs, entailing upon them a brief existence of suffering, and consigning them to an early grave.

Self-abuse is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system—drawing its thousands of victims through a few years of suffering, down to an untimely grave. It destroys the nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business, and all earthly happiness, and leaves the sufferer wrecked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of self-abuse that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices my patients can be restored to robust, vigorous health.

Irregularities and all diseases of males and females treated on principles established by fifteen years of practice and sanctioned by thousands of the most remarkable cures.—Medicines with full directions sent to any part of the State of Oregon and Washington Territory, by patients communicating their symptoms by letter.

All business correspondence strictly confidential. Address DR. L. J. CZAPKAY, Medical Institute, Sacramento street, below Montgomery, opposite Pacific Mail Steamship Co.'s Office, San Francisco.
